

Complimentary Road Safety Forum

Dates: December through March

Time: 10:00 a.m. to 11:15 a.m.

Location: Online

Employees are your greatest asset.

Their safety is top priority.

Forum description

Road Safety at Work is hosting a 3-part, confidential, road safety discussion series for **plumbing, HVAC, and electrical service providers** doing business in BC (*classification units 721043 and 721019*).

This complimentary online series will focus on tools, resources, and prevention strategies to keep your employees safer when driving for work. The 75-minute sessions will include road safety presentations and guidance, as well as opportunities to discuss challenges and solutions.

Sessions will be held from 10:00 a.m. to 11:15 a.m. on [December 7](#), [January 10](#), and [March 6](#). You are encouraged to attend all 3 sessions, as different topics will be addressed at each one. Participants must **register for each session** separately. Please click on the dates above to register.

Who should attend

Owners, managers, supervisors, health and safety practitioners, safety committee members, and others responsible for making decisions or developing programs to keep employees safe in **plumbing, HVAC, and electrical firms**.

Please get in touch with Angelina Robinson at arobinson@roadsafetyatwork.ca / 250-703-2500 for more information.
